Type of Instruction

The teaching consists of lectures and seminars.

Examination

The course is assessed with the grades A, B, C, D, E or F.

The course is examined through an individual written examination 6.5 credits and a written computer lab with associated oral seminar 1 credit. The computer lab is done in groups.

The written exam consists of two parts; the first part consists of basic issues and the second part consists of more developed issues. The first part must be approved for the second part to be assessed. Both parts must be completed with a minimum passing grade during the same examination offering in order for the exam as a whole to be graded with the minimum passing grade. The grade will be based on the total sum result from part 1 and 2.

The grade A constitutes the highest grade on the scale and the remaining grades follow in descending order where the grade E is the lowest grade on the scale that will result in a pass. The grade F means that the student's performance is assessed as fail.

Resit examination is offered in accordance with Linnaeus University's Local regulations for courses and examination at the first- and second-cycle levels.

In the event that a student with a disability is entitled to special study support, the examiner will decide on adapted or alternative examination arrangements.
