

Course syllabus

Faculty Board of Humanities and Social Sciences
School of Cultural Sciences

1KD152 Arkitektur och design, 7,5 högskolepoäng
Architecture and Design, 7.5 credits

Main field of study

Art History and Visual Studies

Subject Group

History and Theory of Art

Level of classification

First Level

Progression

G1F

Date of Ratification

Approved by Organisational Committee 2009-06-17

The course syllabus is valid from spring semester 2010

Prerequisites

Art and Visual Studies I or Art History 30 higher education credits or equivalent.

Expected learning outcomes

By the end of the course the student is expected to have:

- Intensified knowledge about art- and visual study methods and interpreting processes
- Intensified knowledge about architecture and design

Content

The course includes the following elements:

- Knowledge about relationships between architecture and design as well as construction norms and styles and how these affect and are affected by trends and human living conditions
- Emphasis on gender perspectives and non-European perspectives

Type of Instruction

Teaching may be in the form of lectures and seminars.

Examination

The course is assessed with the grades Fail (U), Pass (G) or Pass with Distinction (VG).

In order to pass the course the student needs to meet the expected learning outcomes.

The course is assessed through written, verbal and/or practical assignments, individually or in groups. Regardless of the form of assessment, the individual achievements of a student are always assessed and graded. Further specification of the forms of assessment is provided in the study guide.

Students at Linnaeus University are entitled to have the course grade translated into the 7-step ECTS scale. A request to have the grades translated must be made to the teacher at the start of the course.

Course Evaluation

When the course has finished, an evaluation is compiled. The results are reported to the students and then archived according to the rules of the school.

Other

Expenses in connection to assignments etc are at prime cost.
