Type of Instruction

Teaching may consist of recordings prior to and after the course as a form of documentation of the student's development, exercises in groups and individually with tutoring, independent studies as well as voice training between classes.

The language of instruction is Swedish.

Examination

The course is assessed with the grades Fail (U) or Pass (G).

In order to pass the course the student needs to meet the expected learning outcomes.

The course is assessed through recordings and assessments of the results, a paper based on the student's experiences of the training in connection to the required reading, as well as a seminar based on the submitted papers. Regardless of the form of assessment, the individual achievements of a student are always assessed and graded. Further specification of the forms of assessment is provided in the study guide.

A resit is offered within six weeks (within the framework of regular terms) and the number of resits is limited to five (in accordance with the Higher Education Ordinance 6 chap. 21§).

Course Evaluation

When the course has finished, an evaluation is compiled. The results are reported to the students and then archived according to the rules of the school.

Other

Students are required to pay for any additional expenses in connection to assignments etc.
