- account for contemporary development tendencies in the area of cost accounting
- identify and, based on cost accounting theory, analyze cost accounting issues and solutions based on reality-based situations in cooperation with other students and within given time constraints present the results both in writing and orally

## Content

The course contains:

- cost accounting theory pertaining to the long and short term
- methods for investment planning
- cost of capital
- methods for cost accounting
- Activity Based Costing
- cost accounting practice and development tendencies in Sweden
- cost accounting processes in managerial work

## Type of Instruction

The teaching consists of lectures and seminars.

## Examination

The course is assessed with the grades A, B, C, D, E, Fx or F.

The course is examined through a written examination 4 credits and a case 3 credits. There are also seminars where the students present individual case assignments 0.5 credits.

The grade A constitutes the highest grade on the scale and the remaining grades follow in descending order where the grade E is the lowest grade on the scale that will result in a pass. The grade F means that the student's performance is assessed as fail.

Repeat examination is offered in accordance with Local regulations for courses and examination at the first and second-cycle level at Linnaeus University. An examiner can, in exceptional cases, decide that a student who is close to the level for a passing grade may carry out supplementary assignments in order to reach the passing grade.

If the university has decided that a student is entitled to special pedagogical support due to a disability, the examiner has the right to give a customised exam or to have the student conduct the exam in an alternative way.

## Course Evaluation

During the implementation of the course or in close conjunction with the course, a course evaluation is to be carried out. Results and analysis of the course evaluation are to be promptly presented as feedback to the students who have completed the course. Students who participate during the next course instance receive feedback at the start of the course. The course evaluation are in regular carried out anonymously

## Credit Overlap

The course cannot be included in a degree along with the following course/courses of which the content fully, or partly, corresponds to the content of this course: 2FE003, 2FE083:3, 2FE085:3, 2FE095:3 and 2FE044:3 with 7.5 credits each.
