Business Administration III – Organisation - People and work in organisations, 7.5 credits

Main field of study

Business Administration

Subject

Business Administration

Level

First cycle

Progression

G2F

Date of Ratification

Approved 2023-01-23.

Revised 2026-01-12. Set of examination, examination and standardtexts.

The course syllabus is valid from autumn semester 2026.

Prerequisites

Business administration 1-60 credits of which at least 15 credits organisation as well as English 6/English level 2, or the equivalent.

Objectives

After completing this course the student should be able to:

- describe and contrast different ways of understanding people and work in organisations
- identify contemporary challenges for people and work in organisations

- explain the relation between people, organisations, and work by means of critical use of scientific ideas
- explain and approach different issues that may arise for people and their work in organisations

Content

The course covers the following areas and concepts:

- contemporary challenges for people and work in organisations
- management, control, and organisation of people and work
- culture and identity
- change and learning
- gender and diversity
- technological change and digitalisation
- organisational misbehaviour and ethics

Type of Instruction

The teaching consists of lectures, seminars, workshops, and group assignments.

Examination

The course is assessed with the grades A, B, C, D, E or F.

The course is examined through two individual written examinations of 4.5 credits and 1 credit and a written and oral group examination 2 credits.

The grade A constitutes the highest grade on the scale and the remaining grades follow in descending order where the grade E is the lowest grade on the scale that will result in a pass. The grade F means that the student's performance is assessed as fail.

Resit examination is offered in accordance with Linnaeus University's Local regulations for courses and examination at the first- and second-cycle levels.

In the event that a student with a disability is entitled to special study support, the examiner will decide on adapted or alternative examination arrangements.

Course Evaluation

A course evaluation should be conducted during the course or in connection with its conclusion. The results and analysis of the completed course evaluation should be promptly communicated to students who have completed the course. Students participating in the next course instance should be informed of the results of the previous course evaluation and any improvements that have been made, no later than at the start of the course.

Overlap

The course cannot be included in a degree along with the following course/courses of which the content fully, or partly, corresponds to the content of this course: 2FE510, 2FE511, 2FE512 and 2FE442 with 7.5 credits each.
