- assess strategies to protect human rights in relation to global justice

Content

- global health
- ethics
- global justice
- gender
- diversity
- human rights
- sustainable development

Type of Instruction

This is an online course in English
Individual assignments
Lectures

Examination

The course is assessed with the grades Fail (U), Pass (G) or Pass with Distinction (VG).

The course is examined through an individual written exam.

Grading criteria is stated for the examination and is the basis for the grading.

In order to gain a Pass grade (G) the expected learning outcomes must have been achieved.

Resit examination is offered in accordance with Linnaeus University's "Local regulations for courses and examination at the first- and second-cycle levels."

In the event that a student with a disability is entitled to special study support, the examiner will decide on adapted or alternative examination arrangements.

Course Evaluation

A course evaluation should be conducted during the course or in connection with its conclusion. The results and analysis of the completed course evaluation should be promptly communicated to students who have completed the course. Students participating in the next course instance should, before the start of the course, be informed of the results of the previous course evaluation and any improvements that have been made.
