4VÅ60E Självständigt arbete (examensarbete), 7,5 högskolepoäng
Caring science – In –depth – Report, 7.5 credits

Main field of study

Caring Science

Subject Group

Nursing Science

Level of classification

Second Level

Progression

A1F

Date of Ratification

Approved by the Board of the School of Health and Caring Sciences 2009-06-17

Revised 2011-09-05

The course syllabus is valid from autumn semester 2011

Prerequisites

NO VALUE DEFINED

Expected learning outcomes

On completion of the course, students should be able to:

- critically examine and assess knowledge on scientific grounds
- independently carry out and present a scientific work within the special area
- hold a research-ethical discussion
- act as opponent and respondent

Content

The course includes the following elements:

- Information retrieval
- Ethical aspects
- Research process
- Acting as opponent and respondent

Type of Instruction

Teaching is built on active seeking of knowledge, problem solving, reflection and critical analysis. The teacher-led tuition is comprised of individual and group supervision and

seminars.

Obligatory attendance is expected throughout the entire course, or parts of it, and this is specified in all schedules and/or study guidelines.

Examination

The course is assessed with the grades Fail (U), Pass (G) or Pass with Distinction (VG).

Course Evaluation

A written evaluation is carried out and compiled in a report, which is archived at the institution. The results, along with possible measures taken, are reported to the students the next time the course is given.

Required Reading and Additional Study Material

Current literature, reports and scientific articles for the individual work.
